

Thank you for thinking about making a Will / Legacy in favour of Holy Trinity Church

We would like to underline that leaving a legacy to Holy Trinity in your Will can be yet another way of expressing your appreciation of the work that HTC does here in Geneva.

Legacies can be of any amount, and directing what is to be left, in what circumstances, to HTC can be a very simple process.

All legacies left to HTC go into the Development Fund (i.e. they are not used to subsidise day-to-day operating expenses), and as such contribute towards the future of HTC here at the centre of Geneva.

Making or amending a Will raises many important questions. We understand you will want to think about these in your own time, on your own terms and with your family and loved ones in mind. Do please contact the Chaplain if you would like to talk this through.

Depending on your individual circumstances it may also be a tax-efficient method of donating (you will need to seek professional advice on any tax-related aspects), rather than leaving/hoping that those who inherit do so in your name.
